

SADEESH GRERO

Innovative Software Developer & UI/UX Designer holding a Second Class Honors degree in Software Engineering with hands-on experience in full-stack development, ERP software, and startup management. Co-founder at Zennoi, designing and executing scalable solutions like QR-based authorization and Laravel-driven platforms.

Passionate about bringing together creativity and technology to address real-world problems, I thrive in teamwork environments and excel at turning ideas into silky-smooth, user-friendly applications. Proficient in PHP, Laravel, React, Figma, and agile development methodologies, with a history of effective bug fixing, performance optimization, and cross-functional teamwork
